

# GRANDPARENTS RAISING GRANDCHILDREN!

**Would you like to test an online parent-training program made just for you?**

Do you have a grandchild between the age of 2 and 8 who you provide **primary** care for?

Do you feel **stressed** or are you worried that your grandchild has **behavioral difficulties** like tantrums, irritability, or angry outbursts?

Do you need help with managing your grandchild's behavior but do not have the time or money to go to standard therapy sessions?

We are looking for grandparents willing to pilot an online parent-training program. Eligible participants will receive free evidence-based parent-training services tailored for grandparents raising grandchildren. You will receive many free resources including downloadable worksheets and modeling videos. Additionally, you will be compensated \$30 for your participation. Grandparents are the subject of the study; no grandchildren will be involved. The 8-week online program can be accessed through home computers (desktop, laptop) or through library computers.

Contact Haley Gordon Murphy at 540-231-8808 or [VTgrandparentstudy@gmail.com](mailto:VTgrandparentstudy@gmail.com) for more information.
