Material Title: **Broken Child: Case Studies of Child Abuse (VHS)**

Author: *Videotapes* 2000 61 minutes

Each year, approximately one in 25 U.S. children is reported as a victim of prenatal substance abuse, criminal neglect, or physical or emotional violence, and child-protection agencies are overwhelmed by the crisis. Filmed on location in Baltimore, Atlanta, Houston, and Seattle, this program narrated by Susan Sarandon examines the cycle of child abuse. Case studies include children with developmental difficulties caused by maternal drug addiction, post-traumatic stress disorder brought on by scenes of extreme violence in the home, and life-threatening injuries from beatings.

Material Title: **Domestic Violence 2000: An Intergrated Skills Program for Men**

Author: David B. Wexler *Books* 2000 191 pages

Developed over 13 years with thousands of spouse abusers in the United States Navy, this 32-session program integrates cognitive behavior skills and education about the politics of abuse with a primary emphasis on respect for the abuser himself. The manual provides the background, interventions and guidelines to implement the program.

The audiotape or CD "DV2000: Relaxation Exercises" can be used as a supplemental resource for this book.

Material Title: **Domestic Violence and Childhood Trauma (DVD)**

Author: Bruce Perry *DVDs* 2002 29 minutes

This video examines how abused children often become involved later in destructive and problematic adult relationships. In some cases the adult who was abused in childhood becomes a victim again in adult relationships, in other cases they may become the perpetrator of domestic violence. Three personal stories are presented.

Material Title: **Family Influences on Childhood Behavior and Development: Evidence-Based Prevention and Treatment Approaches**

Author: Thomas Gullotta and Gary M. Blau *Books* 2008 327 pages

This collection of 13 essays intended for clinicians examines factors associated with families in distress and factors that promote healthy coping skills and resilience. The first 5 chapters explore what family means today, circumstances that can make family life challenging or painful, and how prevention and treatment approaches can help. The next 8 chapters focus on potentially distressing events, including adoption, divorce, stepfamilies, lesbian and gay families, foster care, parents with mental illnesses, physical abuse, and sexual abuse.

Material Title: **Ghosts from the Nursery**

Author: Robin Karr-Morse *Books* 1997 298 pages

This book offers startling new evidence that violent behavior is fundamentally linked to abuse and neglect in the first two years of life. Using case histories of "children who kill," along with the latest in brain development research, the authors show how infancy is the stage during which foundations for trust, empathy, conscience and lifelong learning and thinking are laid down or during which a predisposition to violent behavior is "hardwired" into the brain.

Material Title: **Ghosts from the Nursery: Tracing the Roots of Violence**

Author: Robin Karr-Morse and Meredith S. Wiley *Books* 2013 326 pages

When this book was published in 1997, it was lauded for providing scientific evidence that violence can originate in the womb and become entrenched in a child's brain by preschool. This revised edition continues to shift the conversation among parents and policy makers toward more preventative measures, incorporating significant advances in the field of neurobiological research over the past decade.

Material Title: **Teens and Gangs: Real Life Teens (DVD)**

Author: DVD *DVDs* 2007 17 min

In this DVD, Teens discuss violence, why teens join gangs, racism and gangs, why gang involvement can lead to personal risk or imprisonment. On the flip side, teens also discuss positive groups that can provide support, and positive role modeling. Hear from real teens as they tell us how they perceive gangs.
